Media Advisory

Envisioning the Future of Springfield Public Library

The Springfield Public Library is seeking to engage the community in a conversation about what Springfield residents need from their public library.

Community members have two upcoming opportunities to participate:

- 6-8 p.m., Thursday, October 13 in the Library Meeting Room
- 2-4 p.m., Friday, October 14 in the Library Meeting Room

What services and facilities do Springfield community members need and want?
How can the Library help address those needs?

Please join us for a facilitated discussion led by FFA Architecture + Interiors, Inc. and Oregon library consultant, Penny Hummel. After all, it's your library.

This planning initiative was made possible by generous grants from the Springfield Library Foundation and the Betsy Priddy Donor Advised Fund.

For more information, contact Springfield Library Director Rob Everett at 541.726.3756 or Springfield Library Manager Emily David at 541.726.2235.

Your Library *Your Way*

**Help envision the future
of the Springfield Public Library!**

Thursday, October 13, 2016 from 6-8pm or
Friday, October 14, 2016 from 2-4pm
Library Meeting Room / All are welcome!

What services and facilities do Springfield community members need and want? How can the Library help address those needs?
