An Afternoon & Evening for Teens

Steampunk Museum Exhibit with the artist, dinner, and Latin Dancing, all for teens!

Teens are invited to join us for an afternoon and evening of events planned specially for them! From 4:30-7 p.m., Tuesday, October 16, teens can enjoy time at the Springfield Museum just for them, join in a Latin Dance class, and even get dinner. You can meet us at Springfield Public Library, 225 5th St., Springfield.

First, at 4:30 p.m., Tuesday, October 16, the Springfield Museum will open specially for teens to explore the collection and talk with the artist, Steve La Riccia, about his current steampunk exhibit- *The Imaginarium of Steamworks*.

At 6 p.m. that same day, join us for a Latin Dance exhibition followed by a class! No partner and no experience necessary!

Enjoy the museum experience, commit to staying for Latin Dance, and we'll have a pizza party in between for those staying for both programs!

This is a great opportunity talk to a professional artist, see professional dancers demonstrate their moves, and learn some basic moves for yourself!

This 3-part program is free and intended for teens. Adults are welcome at the Latin Dance portion of the evening. Programs at Springfield Public Library are generously supported by the Friends of Springfield Library and the Springfield Public Library Foundation.
