Amendment of Refinement Plan Text and/or Diagram Application Process

1. Applicant Submits an Amendment of Refinement Plan Text and/or Diagram Application to the Development & Public Works Department

- Applications initiated by the public shall be limited to twice per year. Applications shall be submitted to the Development & Public Works Department on or before January 5th of each year or July 5th of each year.
- The application must conform to the *Amendment of Refinement Plan Text and/or Diagram Application Submittal Requirements Checklist* on page 4 of this application packet.
- Planning Division staff screen the submittal at the front counter to determine whether all required items listed in the *Amendment of Refinement Plan Text and/or Diagram Submittal Requirements Checklist* have been submitted.
- Applications missing required items will not be accepted for submittal.

2. City Staff Conduct Detailed Completeness Check

- Planning Division staff conducts a detailed completeness check within 30 days of submittal.
- The assigned Planner notifies the applicant in writing regarding the completeness of the application.
- An application is not deemed technically complete until all information necessary to evaluate the proposed development, its impacts, and its compliance with the provisions of the Springfield Development Code and other applicable codes and statutes have been provided.
- Incomplete applications, as well as insufficient or unclear data, will delay the application review process and may result in denial.

3. City Council Reviews the Application, Holds a Public Hearing, and Issues a Decision

- This is a Type IV decision and thus is made after a public hearing.
- A notice is posted in the newspaper, and notice is mailed to property owners and occupants within 300 feet of the property being reviewed and to any applicable neighborhood association. In addition, the applicant must post one sign, provided by the City, on the subject property.
- Written comments may be submitted to the Development & Public Works Department through the day of the public hearing or comments may be provided in person during the public hearing.
- Applications are distributed to the Development Review Committee.
- After a public hearing, the City Council issues a decision that addresses all applicable approval criteria and/or development standards, as well as any written or oral testimony.
- Applications may be approved, approved with conditions, or denied.
- The City mails the applicant and any party of standing a copy of the decision, which is effective either on the date the decision is made or 30 days after the decision is made if there is no emergency clause in the adopting Ordinance.
- The decision issued is the final decision of the City but the City Council's decision may be appealed within 21 calendar days to the Land Use Board of Appeals.

Amendment of Refinement Plan Text and/or Diagram Submittal Requirements Checklist

NOTE: If you feel an item does not apply, please state the reason why and attach the explanation to this form.

- Application Fee** - refer to the *Development Code Fee Schedule* for the appropriate fee calculation formula. A copy of the fee schedule is available at the Development & Public Works Department. The applicable application, technology, and postage fees are collected at the time of complete application submittal.
- Amendment of Refinement Plan Text and/or Diagram Application Form**
- A Statement Containing Findings of Fact Addressing the Criteria of Approval found in the Springfield Development Code (SDC) 5.6-100.**

NOTE: In order for the Planning Commission and the City Council to consider an Amendment of Refinement Plan Text and/or Diagram, there must be Findings of Fact submitted by the applicant. The Findings of Fact must show reason for the request consistent with the Criteria of Approval. If insufficient or unclear information is submitted by the applicant, the request may be denied or delayed.

The application must include requirements for addressing specific statewide goals that the Oregon legislature has said must be part of the amendment analysis. In particular, Statewide Planning Goal 9 Economy and Goal 10 Housing must be addressed for impact on buildable lands inventories, and a Goal 12 Transportation analysis must address criteria contained in OAR 660-012-060(1) and (2) of the Transportation Planning Rule (TPR). Goals 9, 10 and 12 are three of several "Applicable State-Wide Planning Goals" that must be specifically addressed in criteria (C) of the Springfield Development Code (SDC 5.6-115). These specific items must be included in the application submittal to be considered a complete application.

In reaching a decision on these actions, the Planning Commission and the City Council shall adopt findings which demonstrate conformance to the following:

- The Metro Plan;
 - Applicable State statutes; and
 - Applicable State-wide Planning Goals and Administrative Rules.
- A map to scale depicting the existing and proposed diagram change.** (If applicable).
