SPRINGFIELD POLICE DEPARTMENT

THE MISSION OF THE SPRINGFIELD POLICE DEPARTMENT:

Serve with honor, uphold the law, protect the community.

VALUES

We, as individuals and as an organization, use these values as guiding principles in our service to the community.

PROFESSIONALISM

Committed to excellence in the performance of our duty.

INTEGRITY

Consistent ethical behavior through honesty, accountability, and high moral beliefs.

COURAGE

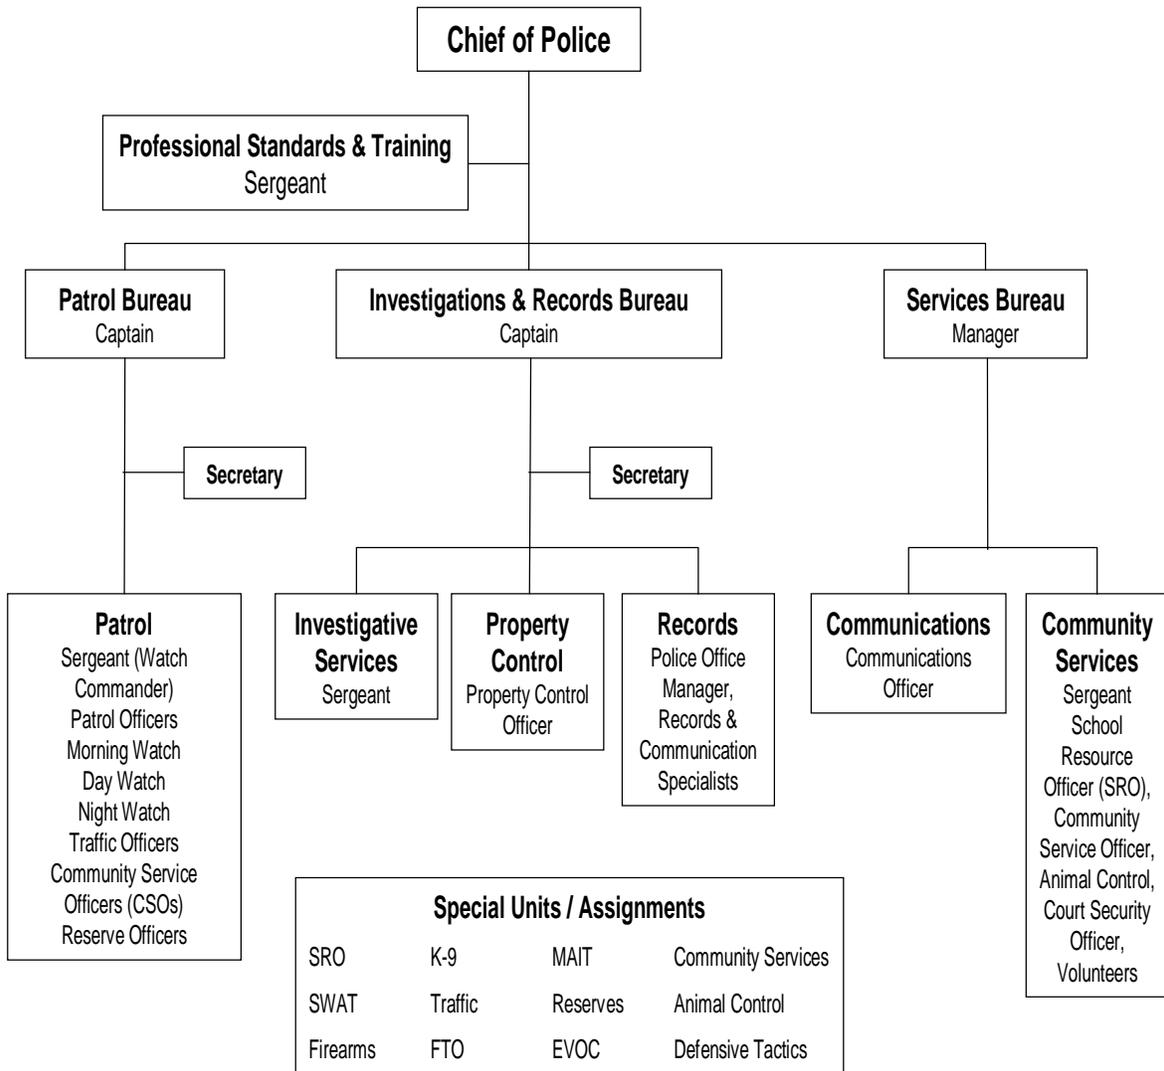

Physical and mental strength to overcome all challenges

HONOR

Respect the noble tradition of Law Enforcement.

SPRINGFIELD POLICE DEPARTMENT 2008 ANNUAL STATISTICAL REPORT

Introduction

For a number of years the Springfield Police Department has published an Annual Report covering crime data for the City of Springfield and information about the Police Department. One of the objectives of this report is to give the citizens of Springfield a realistic view of their risks of victimization and to provide detailed information on criminal activity. With this knowledge, the Community and the Police Department can work together to develop effective crime abatement strategies and ensure the quality of life in the City of Springfield.

The overall reported crime rate for 2008 increased 10.5% from 2007. These numbers are slightly higher than the national trends, but still below 2005 and 2006 numbers. Increases were most noticeable in Property crimes, which increased 20% from 2007.

Arrests also increased in 2008, by 4.4%. Burglary, Theft and Vandalism arrests increased 19%, 11% and 10%, respectively.

Uniform Crime Reporting data for 2008 will not be available until late Fall of 2009; therefore, 2007 data will be reported for this year wherever comparisons are made to other jurisdictions. In 2007, Springfield had the 9th highest population, 2nd the highest property crime rate (per 10,000 population) of any Oregon city with a population of more than 15,000 people, and the 3rd highest violent crime rate in the state. However, if aggravated assaults are taken out of the violent crime calculation, Springfield has the 10th highest violent crime rate per 10,000 population.

This report is only one of many resources the Springfield Police Department provides to the community. Additional information about the Department and its operations is contained in the 2009 Springfield Police Department Calendar (which is free to the public) and at the Department's web site at www.ci.springfield.or.us/police/home.html.

The Police Department hopes that this statistical summary will meet the needs of the reader and serve as a comprehensive resource for information about the Department's activities and the state of crime in the community.

Suggestions for changes, corrections and additions for future years are encouraged. They should be directed to the Springfield Police Department, Attention: Services Bureau, 230 4th Street, Springfield, OR 97477. Suggestions may also be faxed to (541) 726-3640, marked "Attention: Services Bureau".

Chief of Police

The Department is led by Chief Jerry D. Smith. Chief Smith began his service with the Department in 1970, after a stint in the U.S. Marine Corps. He was promoted to Sergeant in 1975, and promoted to Captain in 1987. He earned his B.S. and Masters Degrees from the University of Oregon. He is a member of the International Association of Chiefs of Police, the Oregon Association of Chiefs of Police, and is a graduate of the FBI National Academy and the FBI Law Enforcement Executive Development Academy. Chief Smith also teaches criminal justice courses at Lane Community College and is active in the Springfield Rotary Club.

The Office of the Chief provides direction for the police department through planning, organizing, staffing, directing, coordinating, reporting and budgeting activities of the department. This office provides the leadership necessary to direct the efficient and effective administration of the department in a manner that is consistent with the department's mission, values and goals. Primary objectives are responsiveness to citizen concerns, accountability, positive community relations, and positive employee relations. The Office is responsible for implementing Policy established by the Springfield City Council.

The Professional Standards Unit is accountable directly to the Chief of Police and is responsible for Training, Recruitment, Hiring and the coordination of internal investigations to ensure maintenance of ethics and compliance with policy.

Command Staff

In addition to the Office of the Chief, the Department operates three other Bureaus: Patrol, Investigations and Records (ISB), and Services. Patrol and ISB are led by Police Captains, and the Services Bureau is led by a civilian manager. In addition, the command staff in the Department include nine Sergeants and an Office Manager who serve as direct supervisors for various divisions, such as:

- Professional Standards & Training
- Patrol
- Investigative Services
- Traffic Team
- Canine (K-9)
- Community Services
- Special Weapons and Tactics (SWAT)
- Bike Patrol

Divisions

Patrol Division

Patrol

Members of the Patrol Bureau quickly respond to emergency calls for service. Officers abate criminal activity by arresting offenders, issuing traffic citations, reporting and investigating criminal activity and serving arrest warrants. Officers investigate traffic accidents and give aid to injured participants. Bureau members provide focused traffic enforcement and parking and abandoned vehicle enforcement or removal. Patrol Bureau members provide police response to special and/or critical events, protecting community safety while interacting with community members through outreach programs.

Reserve Officers

The Reserve Officer program consists of citizen volunteers who receive police academy training and in-service training similar to that of a regular police officer. Their participation in department activities allows them to view the law enforcement profession up close and perhaps decide to join the profession. Reserves augment the department's ability to provide police services to the community, such as crowd and traffic control at planned and unplanned events. In addition, they assist in the security of crime scenes and major traffic accidents.

Traffic

The team consists of four officers whose highest priority is traffic safety. Three of the units four officers patrol on motorcycles, and focus enforcement on school zones, locations of frequent traffic accidents and traffic related issues reported by citizens. The fourth traffic team member is assigned as a DUUI Officer, focusing on enforcing drunk driving laws.

Drug Recognition Experts (DREs)

Drug Recognition Experts are specially trained Police Officers that are called to perform drug evaluations on persons suspected of operating a vehicle under the influence of controlled substances. DRE's conduct a nationally standardized 12 step evaluation process to determine the category of drug(s) the person is under the influence of. Springfield Police has two certified DRE's. They are frequently called in to assist other agencies with traffic stops as well.

Patrol Support Community Service Officers

Funded by the Public Safety Levy originally passed in 2002 and renewed in 2006, the Patrol Support Community Service Officers respond to non-emergency calls for service. They are trained in crime reporting, evidence collection, traffic control and parking enforcement. This unit is responsible for responding to abandoned vehicles and for subpoena service.

Investigative Services Bureau

The Investigative Services Bureau (ISB) and [Records Unit](#) provide a wide range of services to the community. The bureau staff frequently interacts with other criminal justice components. Its major responsibilities are the investigation of criminal activity, call taking, report writing, records retention and storage and disposal of [property/evidence](#). The investigation unit investigates crime ranging from murder to minor theft. Detectives are assigned cases by general crime categories. A team of detectives investigates assault, robbery, and burglary crimes; another team investigates youth and/or gang crime; a team of detectives investigates local drug crimes. Sexual assault and child or elder abuse cases are assigned to detectives who have received special training due to the sensitive nature of these cases.

Property

The Property Unit stores, tracks, transports and disposes of all property/evidence in the Department's possession. The unit plans and supervises approximately two public auctions each year. The unit supports the Patrol Bureau and the Investigative Services Bureau in criminal investigations and provides direct assistance at the scene of major crimes. Unit members deliver evidence for laboratory examination, and upon adjudication dispose of evidence.

The Property Department will also dispose of any unwanted weapons and/or ammunition for the public. For more information or to pick up property, contact the Property Unit, Monday through Friday from 8 a.m. to 5 p.m. at (541)726-3714.

Records

The Records Unit receives, maintains and routes all records received by or generated by the department. They provide service to the public at the reception counter, take requests for police service by telephone, write reports (about 30% of all reports) and manage the department's computerized data information system.

Records service is provided to the community from 6 a.m. to 1 a.m. Records is also responsible for supplying copies of reports to those who request them. If you need a copy of a report, go to the Department website for information on fees and obtaining a report.

Services Bureau

Dispatch

The Communications Center is composed of twelve dispatchers who provide staffing 24 hours a day, 7 days a week. All calls for service requiring a response by police officers, including emergency calls, alarms and routine business are routed through this unit utilizing a regional Computer Aided Dispatch (CAD) system. Dispatchers interface with the regional 911 Center and other local law enforcement agencies to coordinate emergency responses, send patrol officers to calls based on priorities, respond to requests for information from officers, and confirm warrants with outside agencies. The dispatchers provide support for patrol officers and for non-sworn staff working in the field.

Crime Prevention

The Crime Prevention Unit is staffed by two full-time employees, one of whom is partially funded by grants. The unit benefits from the assistance of several dedicated citizen volunteers. Crime Prevention provides numerous programs and presentations to the community, including Neighborhood Watch, Business Alert, Safety Town, Residential/Commercial Security Inspections, Lock Out Crime, Operation Identification, Citizen Police Academy, Ride Along Program, Child Safety Fair, National Night Out, tours of the police department, community problem solving/mediation, Crime Prevention/Child Safety Displays, and Chronic Disorderly Property Enforcement.

The Crime Prevention Unit also puts on presentations regarding many of the above topics and any crime prevention topic. Call our Crime Prevention Unit for more info: (541)726-3731.

Of special note is the Citizen Police Academy. This program is a long established and important police/community relations program. It is designed to provide citizens with a better understanding of the nature of police work and to provide citizens with the opportunity to interact with department members in a non-emergency setting. It is also an opportunity for citizens to provide input on police policy, practice and procedure. This program typically runs on Tuesday nights between April and June.

Municipal Court Officer

The Court Officer acts as a liaison between the Springfield Municipal Court and our Department. The Court Officer also provides bailiff duties. This officer transports inmates to and from the Lane County Jail for appearances in the Municipal Court. If a person is taken into custody by the Municipal Court, the Court Officer is responsible for searching that person, securing his/her property and booking them into the Lane County Jail.

Animal Control

Since 1986 Springfield Animal Control has been providing service to the citizens of Springfield in an effort to educate the public on the care and laws regarding their pets. Animal Control handles calls from a dog at large to an intense investigation of animal cruelty.

Every effort is made to reunite a dog with its owner. The best way to do this is to have your dog licensed. All licensing is done by mail. All you have to do is call the office for an [application](#) (or print it from our website at www.ci.springfield.or.us/police/home.html) and send it in with the rabies certificate and a spay/or neuter certificate (if applicable). You can now license your dog for up to 3 years at time. The tags are now permanent, instead of getting new tags every year. The Animal Control Office is open from 8 to 4:30 pm, Monday through Friday. They can be reached at (541)726-3634. In order to minimize the number of unwanted pets, please be sure to spay or neuter your animal!

School Resource Officers (SROs)

Since 1998, the department has assigned an officer to each of the two high schools with the responsibility for providing enforcement, counseling and classroom instruction. This program began as a COPS (Community Oriented Policing Strategy) grant, and continues to the present day in partnership with the Springfield School District.

Special Assignment Teams

Major Accident Investigation Team (MAIT)

MAIT is responsible for the investigation of major traffic accidents. Its members are specially trained in accident investigation and assisting in the prosecution of vehicle assault and homicide. The Team specializes in accident reconstruction, traffic engineering, automotive engineering, and vehicle dynamics to determine pre-crash conditions.

Special Weapons and Tactics (SWAT)

The SWAT Team is made up of 21 department members who apply to serve on this team. Members are trained in crises intervention, building entry and the use of special weapons. The team is deployed for the service of high risk search warrants or situations where suspects are likely to be armed and dangerous.

Canine (K-9)

After almost 20 years of deploying Police Service Dogs, the Springfield Police Department K-9 Unit has established itself as one of the premier units in the State of Oregon. In addition to training Springfield Police dogs, members of this team instruct at the Oregon Police Academy and Lane County Reserve Academy. K-9 officers from the Portland area to Medford, Cottage Grove to Bend, have requested and received training assistance from the Springfield K-9 Unit. The Unit's

General Orders and training techniques are shared with other agencies throughout the state. With a continuing emphasis on obtaining quality handlers and dogs, combined with up-to-date training, the proficiency of Police Service Dog deployment in Springfield will remain successful and professional as the Springfield K9 Unit leads the way into the 21st Century.

Bike Patrol

With support from other TEAM Springfield agencies (School District, SUB, Willamalane Parks and Rec and the City), the Department has sponsored a summer bicycle patrol team since 2001. The team focuses on enforcing nuisance ordinances in the downtown area and in parks and schools.

Police Planning Task Force

The Police Planning Task Force is a 12 member citizen's group that was appointed by City Council in 1994 with the charge to develop a long range strategic plan for police services. In 1996, the group was made permanent and is charged with providing citizen input regarding police policy and strategic matters.

These citizen volunteers meet on the first Thursday of each month and begin the meetings by talking about how things are going in their own neighborhood, and what issues they are concerned about for themselves and their neighbors. Each month, the Chief reviews all of the complaints received from the public against Department members. Each complaint is reviewed, and the Task Force is told of the final resolution of the complaint.

The Task Force also reviews new and existing policies, particularly those with potential of public interest such as police vehicle pursuits, use of force and animal control. This provides an opportunity to assess from a citizen's perspective if the policies "make sense" to those outside the police department.

The Task Force has actively supported the work of the City Council to educate the public, specifically in support of a Public Safety Operating Levy originally passed in 2002 and renewed in 2006. The PPTF was also a voice in supporting the need for construction of a new police facility and municipal jail that was approved by voters in 2004.

The Task Force provides another citizen connection for the City Council. They hear the Department's needs, advocate those needs to the Council and Budget Committee, and then hold the Department accountable for how those resources are used.

Highlights of 2008

In September of 2008, the Springfield Police Department moved into the new Springfield Justice Center at 230 4th Street. The history of that project is described in more detail below, but the move was an exciting time for our staff who had worked many years in the old facility, which had been constructed in 1948.

Springfield Justice Center

In November 2004, the voters approved Measure 20-91 which provided for funding in the amount of \$28.65 million for the construction of the new Justice Center Facility. The facility now provides space for the Police Department, the Springfield Municipal Court, and the City Prosecutor. Funding for the operation of the municipal jail (currently under construction) was not included in this bond, but will be supported by the voter-approved police operations levy and other revenue sources.

In July 2005, the City Council approved a contract with Liebert and Associates for the development of a Functional and Space Program for the Justice Center. This document, completed in November 2005, provided a narrative description of the proposed new facility and described the space requirements for each of the facility's functions. This Program document was approved by the City Council and became the basis of the design for the Justice Center.

On November 28, 2005, the City Council approved a contract with Robertson Sherwood Architects for the design of the new facility. The architects translated the written Program document into an actual design. Their goal was to develop a design which was functional and operationally cost effective, and which reflected and enhanced the character of the City. In order to ensure that the community had the opportunity to participate in the development of the new facility, the City Council appointed a Community Advisory Committee (CAC) for this project. That committee provided recommendations to the City Council regarding the

appearance of the facility and its relationship to the downtown neighborhood. In addition, the CAC assisted the Council in its outreach to the community regarding the project design, including sponsorship of “Open Houses” and other community forums.

Emergency Management Plan

The Springfield Police Department maintains an Emergency Management Plan in an effort to proactively prepare for and provide procedures for maintaining security and order under crisis conditions and eventual recovery. The Emergency Management Plan describes resources needed to maintain civil order and ensure security of citizens, property, and, when necessary, incident scenes at which there is need for protection of evidence pending collection and corresponding investigation. The Plan also describes procedures for augmenting forces during emergencies. Examples of incidents that might require activation of Emergency Management procedures include civil disturbances (crowd control), hazardous materials, special circumstances / incidents / events, and natural disasters.

During an incident necessitating activation of the Emergency Operations Center (EOC), Police will most often organize in a prescribed manner regardless of the nature of the emergency. A Police Incident Commander (IC) will occupy the ICS position of Branch Director. The Police Field Commander will assume the position of Division or Group Supervisor. Individual units, lead by Police sergeants, can be activated based upon functional expertise/assignment. The position corresponds to the Task Force Leader, Strike Team Leader, and/or Single Resources. Should the magnitude of an event demand a number of Task Forces or Strike Teams performing the same function, additional Field Commanders may be appointed to deal with single-mission contingents/activities.

The Police IC has overall responsibility for all Police personnel committed to the response efforts and will be the ranking Police official assigned to the EOC Operations Room. The Police Field Commander(s) provide direction to assigned field personnel who are detailed on specific missions. In a classic deployment, officers holding the following rank would be assigned specific ICS positions:

- Police Captain – Branch Director;
- Police Captain or Sergeant – Group Supervisor;
- Police Sergeants – Task Force or Strike Team Leaders

Single Resources would be designated by expertise, regular assignment, and/or availability; rank is not a primary factor.

When an event calls for substantial response from Fire & Life Safety and Police, a unified field command post may be established to facilitate coordinated response efforts. Also, Unified Command may define the Operations Section Chief’s position.

Springfield PD’s section of the Emergency Management Plan serves as an appendix to the citywide Emergency Management Plan, which can be found online at www.ci.springfield.or.us/FLS/EMP/EmergencyManagementPlan.html.

STATISTICAL CRIME DATA

Introduction

For many years the reporting of crime statistics has been the accepted way to measure the amount of crime for a given area. Current arrest and/or calls for service data is compared against data for past time periods, or against a different geographic area, to establish a base line for an expected level of crime. In order to allow some reasonable means for tracking crime trends over time, and for making comparisons across jurisdictions with different criminal statutes, the FBI established a Uniform Crime Reporting Program (UCR) in 1930. Certain crimes or offenses were chosen to serve as an index. Most local jurisdictions also use additional crime categories in studying local crime patterns. The additional offenses used provide a more detailed look at what crime is like in their specific community. In this Annual Report the comparisons between different cities are based on UCR reports, explained in more detail below. For the data on crimes and arrests for the City of Springfield, the types of offenses are considerably expanded and the numbers will not match the UCR data. An overview of the UCR program is given below.

The Uniform Crime Reporting Program

The following information is excerpted from the Crime in the United States 2004 publication.

Summary of the Uniform Crime Reporting (UCR) Program

The Uniform Crime Reporting Program is a nationwide, cooperative statistical effort of more than 17,000 city, university and college, county, state, tribal, and federal law enforcement agencies voluntarily reporting data on crimes brought to their attention. During 2004, law enforcement agencies active in the UCR Program represented 94.2% of the total population. The coverage amounted to 95.4 percent of the United States population in Metropolitan Statistical Areas (MSAs), 86.9 percent of the population in cities outside metropolitan areas, and 89.2 percent in nonmetropolitan counties.

Since 1930, the FBI has administered the Program and issued periodic assessments of the nature and type of crime in the Nation. The Program's primary objective is to generate reliable information for use in law enforcement administration, operation, and management; however, its data have over the years become one of the country's leading social indicators. The American public looks to Uniform Crime Reports for information on fluctuations in the level of crime, and criminologists, sociologists, legislators, municipal planners, the media, and other

students of criminal justice use the statistics for varied research and planning purposes.

Historical Background

Recognizing a need for national crime statistics, the International Association of Chiefs of Police (IACP) formed the Committee on Uniform Crime Records in the 1920s to develop a system of uniform police statistics. Establishing offenses known to law enforcement as the appropriate measure, the Committee evaluated various crimes on the basis of their seriousness, frequency of occurrence, pervasiveness in all geographic areas of the country, and likelihood of being reported to law enforcement. After studying state criminal codes and making an evaluation of the recordkeeping practices in use, the Committee completed a plan for crime reporting that became the foundation of the UCR Program in 1929.

Seven main offense classifications, known as Part I crimes, were chosen to gauge the state of crime in the Nation. These seven offense classifications included the violent crimes of murder and non-negligent manslaughter, forcible rape, robbery, and aggravated assault and the property crimes of burglary, larceny-theft, and motor vehicle theft. By congressional mandate, arson was added as the eighth Part I offense in 1979.

During the early planning of the Program, it was recognized that the differences among criminal codes precluded a mere aggregation of state statistics to arrive at a national total. Further, because of the variances in punishment for the same offenses in different state codes, no distinction between felony and misdemeanor crimes was possible. To avoid these problems and provide nationwide uniformity in crime reporting, standardized offense definitions by which law enforcement agencies were to submit data without regard for local statutes were formulated.

In 1985, the UCR system was expanded to include a second level of reporting, now known as Part II offenses, including Simple Assault, Forgery, Fraud, Embezzlement, Stolen Property, Vandalism, Weapons Offenses, Prostitution, Sex Offenses, Drugs, Family Offenses, Liquor Offenses, Disorderly Conduct, Kidnapping, All Other, and Runaways.

Beginning in 2007, UCR reports are now divided into Person, Property and Behavioral crimes, and this is the format that data in this report will take.

The Springfield Police Department publishes its Daily Police Log online at <http://www.ci.springfield.or.us/police/log.htm> . Citizens may peruse calls for service received by SPD. This has enabled the Police Department to provide its citizens with enhanced visibility into police operations, as well as awareness of criminal activity throughout the city.

DEPARTMENTAL ACTIVITY REPORTS

The remainder of this report contains information directly from the Department's own databases, including Calls for Service information, overall crime and arrest reports, and information on domestic violence activity in Springfield.

Because the information in this section is not reported to the FBI in this format, the numbers will not correspond with the UCR data reported in previous sections of this report. Rather than provide only the data which conforms to Uniform Crime Reporting requirements, the intent of the information presented here is to give the reader a sense of the broader activity level of the Department, and an idea of how those activity levels change over time.

The Domestic Disturbance Report, sometimes referred to as Abuse Prevention Act (APA) data, shows the frequency of domestic violence arrests in our community, as well as the frequency at which domestic violence restraining orders are violated.

SUMMARY OF DEPARTMENT ACTIVITY FOR 2008

CALLS FOR SERVICE:

	<u>2007</u>	<u>2008</u>
Total Number of Calls for Service -	54,948	56,510
