

Application For a Second Driveway or Overwidth Driveway

Applicant (Property Owner): _____ Date: _____

Address of Property Owner: _____

Address of Property for Driveway Permit: _____

Building Permit No: _____ Second driveway Overwidth (Max. 30') _____ FT.

Application Fee: \$54.00

Received By: _____

Receipt No: _____

Please sketch the proposed driveway. Include the following applicable items: house or building, proposed driveway, and street names. Include dimensions and measurements to property lines; road intersections and bordering driveways. (See attachment for an example)

This is not a permit

When this application is approved, you will need to obtain a Permit before work can begin.

All applications outside the city limits of Springfield that are within the Urban Growth Boundary require a Lane County Permit.

Note: The City of Springfield will not grant a second driveway permit on an Arterial or Collector Street. Over width driveways up to 30ft. may be approved by the transportation planning engineer provided that safety and traffic guidelines are met. Driveways over 30' in width require a Land Use Decision and are not handled on this application.(Contact the Planning Dept.) The application fee is not refundable.

1. Property type: Single Family Dwelling _____ Duplex _____ Other _____

2. The proposed driveway will take access from which street? _____

3. The distance from the edge of the driveway to the nearest corner (measured to the curb return) is _____ feet.

4. The second driveway will give access to: Garage _____ Carport _____ Side yard _____ Other _____

5. The distance from the property line to the garage, carport, fence, wall or other (where the vehicle is to be parked) is _____ feet.

6. Will the proposed parking / storage area create a vision obstruction to adjacent property driveways or to any vehicular movement on a public street? (See vision clearance attachment) _____

See other side for additional information.

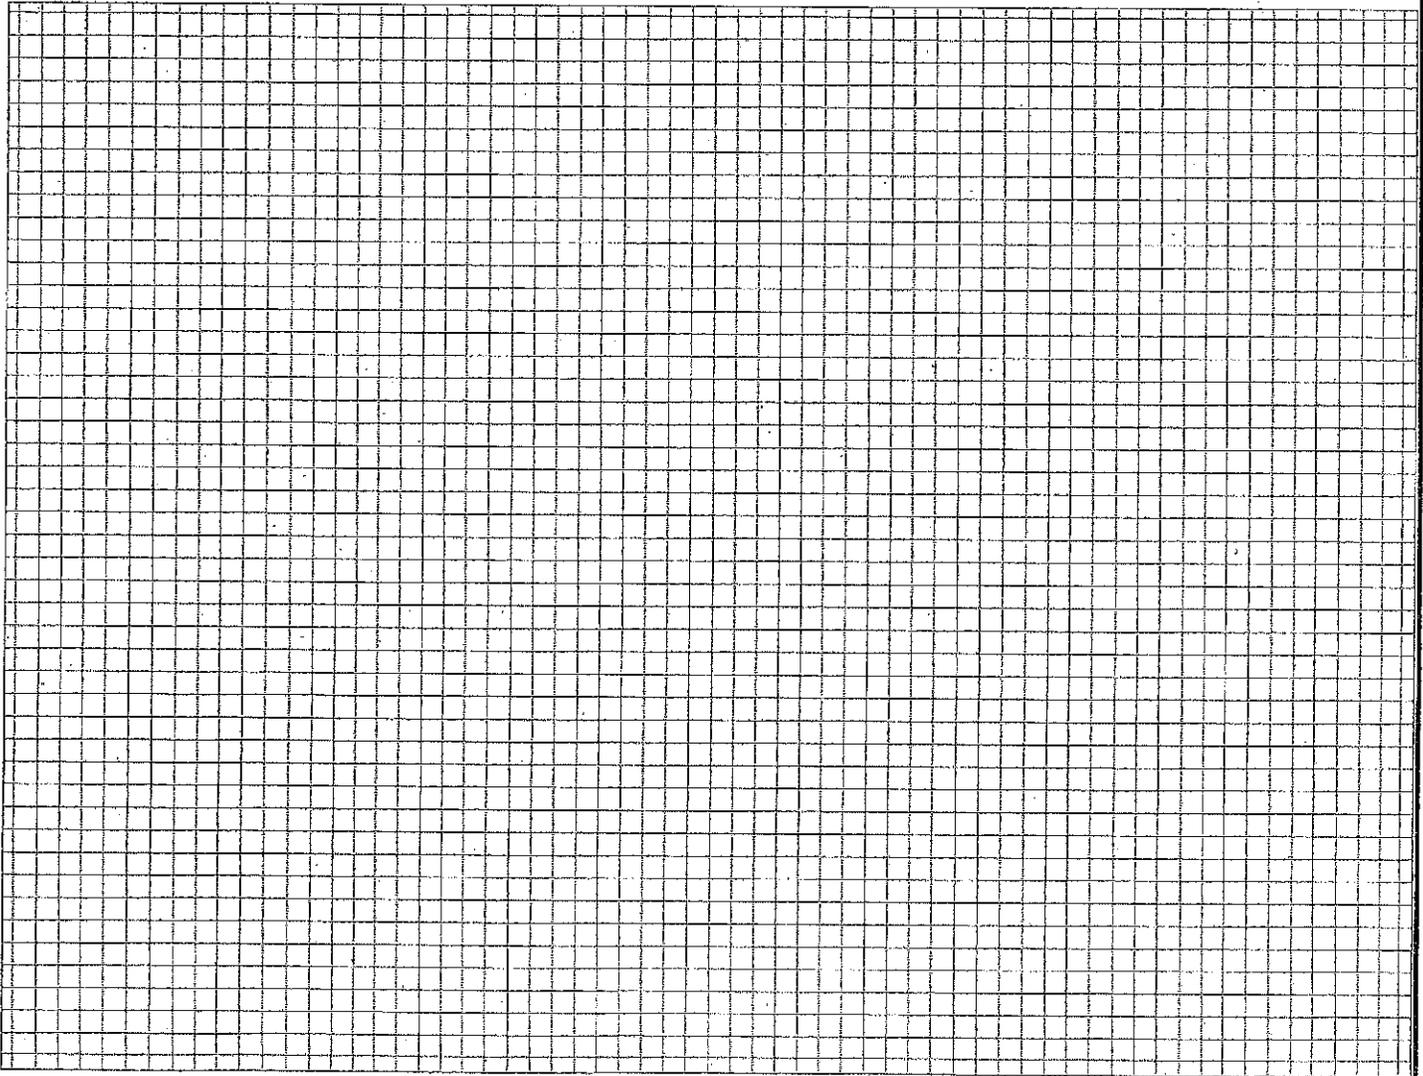

A permit will require that the applicant meet city and/or county standards, specifications, and codes. Generally this means that the area behind the sidewalk shall be surfaced to the property line and also a minimum of 18 feet behind the property line.

When this application is approved by the City, the applicant must obtain a curbcut/driveway permit from the Public Works Department, Engineering Division within 60 days or reapply.

Property owner's signature: _____ Date: _____

Approved by: _____ Date: _____
(Traffic Division)
