~ MEDIA ADVISORY ~

New Discoveries, Inspiring Visions

Join the Conversation about Springfield's Main Street

The City of Springfield's Main Street Corridor Vision Plan process is in full swing. The City will host an Open House on March 6 from 4:00 to 7:00 PM about the Main Street Corridor Vision Plan process with a presentation and discussion from 5:30 to 7:00 PM. The City invites you to discover what some Springfield business owners and residents are saying is best about Our Main Street and how we can work together to make it better over the next 20 years as Springfield grows.

The following will be discussed at the Open House:

- What the City has heard from the community so far;
- Visions, goals and opportunities for the different places along the Main Street Corridor; and
- What attendees think about these discoveries

The discussion will help create new visions and goals for the Main Street Corridor Vision Plan – a set of recommendations that will inform the City's land use and transportation planning over the next several years for the lands along the Corridor between Downtown and Thurston.
