SPRINGFIELD LIBRARY EXTENDING HOURS

The Library Is Seeking Community Input About Additional Hours

As a result of the City of Springfield's budget meetings for fiscal year 2015, the Library will receive additional funding to be open four additional hours per week. The funding is enough to allow expanding open hours within the current six-day per week schedule.

The library is seeking citizen input about where additional hours are most needed by the community. A one-question survey is available online at www.surveymonkey.com/s/G7VBBRY or from the library's website www.wheremindsgrow.org, or community members can stop into the library and fill out a paper survey.

The library will gather feedback from the survey through Saturday, June 21, 2014.
