

Clarification Log

Project Number: P21141

Project Title: Virginia Daisy Tree Removal

Date	Question	Response
01/26/18	I did not see an attachment on the email that you sent. Can you assist?	<p>There was no attachment with the email. It included a link to the quote documents. See below.</p> <p>If you are interested in further information regarding this project a complete set of Request for Competitive Price Quote documents can be reviewed and downloaded at the following web site: http://www.springfield-or.gov/dpw/P21141_Virginia_Daisy_Tree_Removal.htm</p>
01/26/18	Is flagging required on this project?	The Contractor must provide a Traffic Control Plan to the City for approval as outlined in the quote documents.
01/30/18	I have a bond with the Construction Contractors Board but I don't know if it is enough for this project. I think it is \$1M.	To qualify for work on this project you must carry the minimum liability insurance and bonding required for licensing with the Construction Contractors Board and you must also have a Statutory Public Works Bond in the amount of \$30,000 on file with the Construction Contractors Board. You do not need to have a Statutory Public Works Bond in place to submit a quote but the City will not award a contract without the Statutory Public Works Bond requirement being met.
01/31/18	I did not know I had to pay my employees prevailing wage on this project so I may need to change the quote I have submitted.	<p>The City allows quotes to be modified or withdrawn prior to the deadline for the submission of quotes in accordance with OAR 137-049-0320.</p> <p>Please see OAR 137-049-0320, Pre-closing Modification or Withdrawal of Offers for detailed information.</p>
