The Quote amount may only be modified by a Change Order or Contract Amendment.

### Terms, Declarations and Submittal:

#### **Prospective Contractor's Understanding**

The Prospective Contractor, hereinafter referred to as Contractor, shall determine for themselves all the conditions and circumstances affecting the projected cost of the proposed work by personal examination of the site, Request for Competitive Price Quote documents, and by such other means they may deem to be necessary. It is understood and agreed that in the event the City has obtained information from data at hand regarding underground or other conditions or obstructions depicted in the Request for Competitive Price Quote documents, there is no expressed or implied agreement that such conditions are fully or correctly shown, and the Contractor must take into consideration the possibility that conditions affecting the cost or quantity of work may differ from those indicated.

The Contractor is familiar with and is satisfied as to all federal, state and local laws and regulations that may affect cost, progress, and performance of the work.

#### **Quote**

The undersigned Contractor having examined the Specifications and Request for Competitive Price Quote documents and having satisfied themselves as to all conditions to be encountered, hereby proposes to furnish all labor, material and equipment and perform all work necessary to complete Project Number P21141 in accordance with this Quote, the Contract Plans, applicable Building Codes, Section 100 of the City of Springfield Standard Construction Specifications, 1994 Edition, and all subsequent modifications, and all other Request for Competitive Price Quote documents at the prices and on the terms herein contained.

#### **Quote Acceptance Period**

This Quote will remain subject to acceptance for a period of 60 days after the quote opening, or for such longer period of time that the Contractor may agree to in writing upon request of the City.

#### **Contract Award**

The Contract will be awarded to the Prospective Contractor whose Quote, in the opinion of the City, will best serve the City's interests. Consideration will be given to price as well as other applicable factors such as, but not limited to, experience, specific expertise, availability, project understanding, Contractor capacity and responsibility as specified in ORS 279C.414(2).

Prior to awarding the Contract, the City may, at its sole discretion, require Contractors and/or Subcontractors to demonstrate to the City's satisfaction that they have a complete and clear understanding of all

requirements of the Prevailing Wage Rate Laws contained in ORS 279C.800 through 279C.870 and possess the expertise necessary for fulfilling their obligations pertaining to these requirements throughout the administration of the Contract. In determining competency, the City may consider Certified Payroll Reports submitted by the Contractor and/or Subcontractor for projects previously performed for the City, copies of Certified Payroll Reports submitted to other public entities, references from other public entities attesting to the Contractor's expertise, or an interview with the Contractor regarding their personnel resources and expertise or their ability to obtain the resources and expertise necessary to meet all contractual responsibilities in accordance with ORS 279C.375.

### **Time is of the Essence**

Time is of the essence in the Contractor's performance of the Contract. Delays in the Contractor's performance of the work may inconvenience the public, interfere with business and commerce, and increase cost to the City. It is essential and in the public interest that the Contractor prosecute the work vigorously to Contract completion. The City does not waive any rights under the Contract by permitting the Contractor to continue to perform the Contract, or any part of it, after the Contract Time of Completion shown below, or as adjusted by Contract Change Order, has expired.

### **Liquidated Damages**

The City of Springfield and the Contractor agree that; (a) time is of the essence; (b) the amounts so fixed are reasonable forecasts of just compensation for the harm that is caused by the breach; (c) the harm that is caused by the breach is one that is incapable of or very difficult of accurate estimation; and, (d) the amount so fixed is not fixed as a penalty to coerce performance of the Contract but is rather intended to be a genuine pre-estimation of injury to the City of Springfield in lieu of performance within the Contract time by the Contractor or the Contractor's failure to report sewage spills. Therefore, it is agreed as follows:

#### **a. Delay**

It is agreed by the City of Springfield and by the Contractor that the need exists for a damage provision in the event the Contractor fails to complete the work within the Contract time specified, or any extension thereof, by the City of Springfield. The City of Springfield and the Contractor further agree that the Contractor shall be liable to the City of Springfield for fixed, agreed and liquidated damages for each and every calendar day of delay in the amount of \$100 per day in accordance with Subsection 108.07 of the Standard Construction Specifications.

#### **b. Failure to Report Spills**

The Contractor also agrees to liquidated damages in the amount of \$500.00 per incident for failure to report sewage spills plus an amount sufficient to reimburse the City for any civil and administrative penalties paid by the City as a result of the Contractor's failure to report. Failure to report sewage spills may subject the City to (1) civil penalties of up to \$32,500.00 per day of violation pursuant to Section 309(d) of the Clean Water Act, 33 U.S.C. § 1319(d); (2) administrative penalties of up to \$11,000.00 per day for each violation, pursuant to Section 309(g) of the Clean Water Act, 33 U.S.C. § 1319(g); or (3) civil action in federal court for injunctive relief pursuant to Section 309(b) of the Clean Water Act, 33 U.S.C. § 1319(b).

### **Contract Time of Completion**

The Contractor shall not begin work under this Contract until written Notice to Proceed has been received and the pre-construction meeting has been held. **The Contractor shall complete all work under this Contract no later than March 16, 2018.**

The Contractor shall apply for any extensions of time as specified in Subsection 108.06 of the Standard Construction Specifications.
