New Business:

A. Identify Photographs from Museum Collection to be Included in Atlas: The topics for the first Atlas edition were agreed upon as follows (not in order and up for further addition if needed): Springfield's airports, Main Street, Thurston, Glenwood, local bridges, Booth-Kelly Lumber Mill and other mills, the McKenzie and Willamette rivers, the Paramount District, and Dorris Ranch. Possible entries that still needed to be agreed upon included the Museum building, local schools, and the Marcola/Mohawk region. As a group, these topics were searched in the Springfield History Museum catalog in hope that there would be representative photos of them. Photos were found for the Paramount Center, the McKenzie Airport, and the Thurston area. Jenna stated that she would gather photographs from the Lane County History Museum to be requested for inclusion as well. Maddi stated that she would continue to look for photographs in the SHM collection before the next Subcommittee meeting.

Plan Next Steps: Maddi stated that she had reached out to local photographer Don Gustavson to see if he would be interested in joining the project, and that he was highly interested in doing so. It was decided that the group would meet again at the Museum on February 9, 2022 to continue searching for photographs together.

Meeting adjourned at 6:30pm.
