

54th Street Thin Lift Overlay Project

See reverse for more details...

225 Fifth Street
Springfield, OR 97477

Resurfacing of 54th St. Starting Soon

**Work is starting soon
to bring you a newly paved street!**

A portion of 54th St. will be resurfaced with a thin lift overlay later this month.

**Tentative work schedule:
August 29-September 1**

For more information please contact:
Ben Gibson, surface operations manager or
Laryn Macauley, operations crew chief
at 541.726.3761

What is happening in my neighborhood?

Springfield's Development and Public Works Operations Division intends to perform a thin lift overlay on 54th St. between A St. and F St.

How will this affect me?

54th St. will have limited vehicle and pedestrian access during construction, with no access on paving days. Detours will be in place around the area. Emergency vehicles will have access but other vehicles will need to enter and exit the street prior to 8 a.m. and after late afternoon. You may notice nuisance noise, dust, and heavy construction equipment during this time.

When will the work start?

We are planning to pave the week of August 29-September 1. This schedule may change due to unforeseen circumstances including weather. As construction dates are confirmed you will be notified by reader boards and/or a door hanger.

To effectively accomplish the job, all vehicles, trailers, campers, and other objects must be moved off the street by August 29. Vehicles may be towed at owners expense if not moved during the project. Per Springfield Municipal Codes 5.052 & 6.305
