

# WE NEED YOU!

Do you have a flair for the theatrical? Were you a set builder in your high school theater club? Do you just like Halloween and supporting local history? If so, we need your help!

The Springfield History Museum is hosting Fright at the Museum, a haunted house fundraiser, this October! On October 20/21/22 and 27/28/29, the Museum will be transformed into a spook-tacularly scary journey through local history and water management (with the support of our friends in Development and Public Works and the Metropolitan Wastewater Management Commission). We are looking for volunteers to help us with:

- Bringing our chilling characters to life (we will provide costumes, props, and makeup)
- Installing our shocking sets and effects
- Guiding our guests into the Haunted Museum
- Helping our guests post-scare at the “recovery and refreshments” area outside the Museum

Do you see yourself in any of these roles? Please contact Maddi McGraw, Museum Curator, at 541-726-3677 or [mmcgraw@springfield-or.gov](mailto:mmcgraw@springfield-or.gov) by **Tuesday, October 4 at 5pm** for more information!
