82.2.5.4 ACCEPTANCE OF REPORTS

Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay. This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those members who do not take such reports or who are unable to give immediate assistance shall promptly contact dispatch or alert a member who can take the report.

If the officer finds that the missing person incident originated outside the City limits of Springfield, the officer shall immediately assist the person in having the call for service referred to the appropriate law enforcement agency.

Members should complete all missing person and runaway juvenile reports and forms promptly and advise the appropriate supervisor as soon as a missing person report is ready for review, no later than the end of the member's shift.

82.2.5.5 INITIAL INVESTIGATION

(a) The Springfield Police Department utilizes a Report form (attachment a) to be completed by the reporting party to gather information about the missing person. The form is stored in Records as well as saved on the SPD shared drive. The initial report taker should provide the form to the reporting party for completion. The completed form should be provided to SPD Records or Dispatch to assist with required data entry as soon as possible. Requested information includes:

2. Missing Person/Juvenile General Information
3. Personal Identification Information
4. Medical Information, Dental Information, and Information regarding mental state

1. Name, age and physical description of the subject and relationship of the reporting party to the missing person;
 2. Time and place of last known location and the identity of anyone accompanying the subject
 3. Method of travel (i.e. on foot, vehicle, public transportation);
 4. The extent of any search for the subject;
 5. Whether the subject has been missing on prior occasions and the degree to which the absence departs from established behavior patterns, habits or plans;
 6. Whether the individual has been involved recently in domestic incidents, suffered emotional trauma or life crises; demonstrated unusual, uncharacteristic, or bizarre behavior.
 7. The current physical condition of the subject and whether the person is currently on prescription medication.
- (d) The member shall notify a Watch Commander immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see Policy 82.2.6), or if the missing person is under 15 years of age.
- (e) The member shall notify a Watch Commander immediately if there is something suspicious/concerning about the report that warrants supervisor notification and the following additional steps will be taken:
1. The name, physical description, clothing, and any suspected vehicle that may be involved will be broadcast to other officers and also be disseminated to other agencies as appropriate.
 2. A preliminary search for the missing person should be initiated based on the circumstances present.
 3. Obtain consent and conduct a complete search of the residence, curtilage, outbuildings, vehicles, and other likely places of concealment.
 4. Detectives will be notified, including after hours, if the initial search efforts fail to locate the missing person, and will begin an investigation.
 5. If the incident involves a child younger than 18 years of age, consideration should be given to issuance of an Amber Alert (refer to policy 82.2.6).
 6. Develop an appropriate response plan, including consideration of additional notifications, such as the public information officer and Division Commander, and search resources and parameters.
