

Linda Lane Update

June 16, 2023

In addition to the update we sent this past Tuesday, June 13, we also want to provide an update on the work the City is doing with St. Vincent dePaul Society of Lane County on the development of a new manufactured home park in Springfield.

The City Council will consider authorizing the City Manager to execute a grant agreement with St. Vincent dePaul Society of Lane County at their June 20, 2023 regular meeting. The grant agreement carries out the City's obligations in the intergovernmental agreement with the State of Oregon that designated \$3 million from the State for the development of a new manufactured home park in Springfield and was approved by the City Council earlier this year.

This grant agreement action to take place by the City Council is **not tied** to the process of annexing the property adjacent to Linda Lane, specifically Tax Lot 18-02-04-00-01511. Any actions or decisions regarding future uses of the City owned property adjacent to Linda Lane will occur at future Council meetings following finalization of the annexation process this fall.

We will send another update when the specific City Council meeting date has been selected to continue the annexation process.

Forward this email to other community members you know who may like to be informed about the **publicly owned property adjacent Linda Lane.**

They can use the button below to sign up to receive email updates automatically.
