

**2024 ICE STORM
ADVISORY NOTICE
WASHBURNE HISTORIC DISTRICT**

Greetings Washburne Property Owners & Residents,

I hope this letter finds you well. The 2024 ice storm has presented challenges and difficulties throughout the city. Many of our cherished historic structures have been impacted and we want to ensure that those structures are repaired in conjunction with the Historic Guidelines during this time of recovery. In addition to historic structures, if you have significant tree damage, we can also assist with information concerning their removal.

If you have any questions or concerns about repairs to historic structures in the Washburne Historic District, we encourage you to reach out to the Historic Commission and Staff Liaison. Our dedicated team is here to assist and provide guidance as we work together to preserve the historical integrity of our community.

We deeply appreciate your patience and cooperation as we navigate the process of restoration and repairs. Your commitment to preserving our rich history is invaluable, and we are committed to assisting these efforts in any possible way.

Questions

Please contact Tom Sievers with the Development & Public Works Department at 541-726-2333 or by email: tsievers@springfield-or.gov if you have any questions.

Sincerely,

Tom Sievers
