### **What is happening now?**

Construction is scheduled to begin soon with preliminary work starting by the end of July. Construction will continue into the summer.

### **What work will be done with the project?**

A paving grind and inlay will be applied to 42nd St. between International Paper and Marcola Rd. along with new striping and signing. To meet current standards, existing Americans with Disabilities Act (ADA) sidewalk ramps will also be updated.

### **Why do the project?**

This section of 42nd Street is past the point of being able to be maintained properly in its current condition. A 2" grind and inlay will be applied to this section of 42nd St. to improve the travel surface of the street.

### **What is the project schedule?**

The project is scheduled to be completed by November 30, 2024. The latest project information can be found online at [bit.ly/42overlay](https://bit.ly/42overlay) or by scanning the QR code with your smartphone.

### **What is being considered for the future?**

Future improvements are being considered and will be determined once an analysis of the 42nd St. levee has been completed.
